**CERTIFICATE OF QUALITY CONTROL, QUALITY ASSURANCE
AND GOOD MANUFACTURING PRACTICES**

Calivita[®] International, located at 83 White Oak Drive, city of Berlin, State of Connecticut, 06037, U.S.A., is engaged in the manufacturing and / or distribution of a variety of products related to health & beauty. These products are primarily dietary food supplements such as: vitamins, minerals, antioxidants, herbal formulas, weight loss formulas, sport nutrition products, health management formulas, but also includes cosmetics and electronics.

All products are manufactured from the highest quality, natural raw materials that have been tested and re-tested by both the raw material suppliers and Calivita[®] International for freshness, purity, potency, the absence of GMO, the absence of contaminants, adulterants or controlled substances, and adherence to all regulations set forth in the United States Pharmacopoeia (USP). Testing takes place before, during and after the manufacturing process.

Manufacturing takes place under the strictest quality control procedures, in accordance with the current Good Manufacturing Practices (cGMP) requirements set forth in the Code of Federal Regulations Title 21 (21 CFR), Parts 110, 111 and 112, section 520 of the Food, Drug and Cosmetic Act, as administered, revised and updated by the U. S. Food and Drug Administration. Due to the use of ingredients from natural sources, some minor variations may occur from batch to batch, but Calivita[®] International certifies that all products test in the ranges set forth by the United States Pharmacopoeia (USP).
